HEREFORD CATHEDRAL 67 Stop HAUPTWERK™ version 5 SAMPLE SET
DOWNLOAD INSTRUCTIONS (includes the XL set)

Whilst downloading the Hereford component packages, it is recommended that you view the user manual for information on installation and loading. The user manual for the 67 stop sample set may be downloaded using the following link ...

www.lavenderaudio.co.uk/hereford/hereford67XL.pdf

There are a number of files that need to be downloaded for this set to load. Please read and follow these instructions carefully and bear in mind that some file sizes are very large and could take some hours to download. It is probably worth using an FTP client such as Filezilla as some browsers struggle with file sizes above a certain amount. A useful tutorial on the operation of Filezilla may be found at http://wiki.filezilla-project.org/FileZilla_Client_Tutorial_(en). Note that the installer for Filezilla will probably offer to install additional software which may be unwanted; please review the installation choices carefully and un-tick the appropriate checkboxes as necessary.

If you decide not to use FTP, then either simply click on the first download link (if your version of Adobe PDF reader supports this) or copy and paste the link into your internet browser. Downloading should commence straight away and you should choose to save the file to a suitable location on your hard drive. When the first file has completed downloading, repeat the process for all other files.

For FTP use, note that username and password information is case sensitive – and, as the difference between (for example) a number 1 and a lower case L can be difficult or impossible to tell, copy and paste may be easiest.

Finally, if you have already downloaded and installed the Evaluation sample set, then you won't need to download Data Package 1, as this will already be installed on your computer.

Total download size is approximately 14.1 GB

For all of the direct download links, there is no username or password.

Data Package 1
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume1/HerefordCathedral-DataPackage1.CompPkg_Hauptwerk_rar
2,125,439,409 bytes - MD5 checksum is 61ef9709cc4323d6d05ba6f69c44eb01

Data Package 2
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume1/HerefordCathedral-DataPackage2.CompPkg_Hauptwerk_rar
2,676,633,081 bytes - MD5 checksum is 87474cb8578b42e690fe7475e314d6b0

Hereford 23 stop organ (optional download – not needed for the 46 or 67 stop set to function) -
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume1/Hereford-23-Stop-Organ.CompPkg_Hauptwerk_rar
106,121 bytes - MD5 checksum is d9c1cfa0d47af21cd491e751a4d2026a

The FTP details for these first three downloads (they are all in the same folder) are ...

host address: sftp://home315254629.1and1-data.host
user: u57209226-hereford-1
password: Hauptwerk-v5

Data Package 3
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume2/HerefordCathedral-DataPackage3.CompPkg_Hauptwerk_rar
2,821,626,195 bytes - MD5 checksum is 7b86aca559eb8239fbdcdb7bf96afd3b

Data Package 4
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume2/HerefordCathedral-DataPackage4.CompPkg_Hauptwerk_rar
2,413,259,794 bytes - MD5 checksum is eb8af0af4961da290fb679e9e90190b4

Hereford 46 stop organ for Hauptwerk v5 (optional download – not needed for the 67 stop set to function) - http://www.hworgans.co.uk/hw-v-downloads/hereford-volume2/Hereford-46-Stop-Organ.CompPkg_Hauptwerk_rar
191,141 bytes - MD5 checksum is 44654a28e97e25b33efbd8fe3189617e

The FTP details for the second set of downloads (again, all in the same folder) are ...

host address: sftp://home315254629.1and1-data.host
user: u57209226-hereford-2
password: Hauptwerk-v5

Data Package 5
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume3/HerefordCathedral-DataPackage5.CompPkg_Hauptwerk_rar
2,640,842,333 bytes - MD5 checksum is 9408a9ee9a9f81513c29512733b4c4b1

Data Package 6
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume3/HerefordCathedral-DataPackage6.CompPkg_Hauptwerk_rar
2,008,663,671 bytes - MD5 checksum is c745fdc240a50f17aad88e94dc415b0a

Hereford 67 stop organ for Hauptwerk v5
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume3/Hereford-67-Stop-Organ.CompPkg_Hauptwerk_rar
288,664 bytes - MD5 checksum is 534b113c9fd990dd0e58875c47376b61

Additionally, a new version of the XL sample set is also available which offers a variety of enhancements to the standard 67 stop organ. Installation of the following files is optional.

Data Package 67XL
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume3/HerefordCathedral-DataPackageXL.CompPkg_Hauptwerk_rar
538,426,703 bytes, MD5 checksum is 891d33d797b5b557ee82fb6a0dc29eed

Hereford 67XL organ for Hauptwerk v5
http://www.hworgans.co.uk/hw-v-downloads/hereford-volume3/Hereford-67XLv2-Organ.CompPkg_Hauptwerk_rar
311,469 bytes - MD5 checksum is f2ecfb269547fbecbb22e54fe7b3f7ee

The FTP details for this final set of downloads are as follows ...

host address: sftp://home315254629.1and1-data.host
user: u57209226-hereford-3
password: Hauptwerk-v5
